FINANCIAL INCENTIVES

This program offers monetary incentives for replacing older, inefficient lighting with high-efficiency units. Riverside Public Utilities is providing incentives to close the gap in cost between standard lighting equipment and high-efficiency equipment.

PROGRAM GUIDELINES

- This program is available to Riverside Public Utilities non-residential electric customers. If the applicant is a renter, they must get the property owners signed approval on the application prior to submitting.
- The rebate is calculated based upon the load reduction in kilowatt-hours (kWh). The rebate amount is 5¢ per kWh based on one years energy savings. Rebate amount will be up to 25% of the project cost payable to the Riverside Public Utilities electric customer of record.
- Call for required pre-inspection – 951-826-5485
- Once lighting is installed, mail your application along with copies of legible, dated sales receipts as proof of purchase to Riverside Public Utilities.
- Installed units are subject to inspection for program compliance. Customer's failure to permit such inspections shall obligate the customer to repay the amount of the incentive received by the customer for that installation. The incentive amount shall be billed on the customer's regular utility billing from the City and shall be a part of customer's utility service charges payable to the City.
- Application must be submitted within ninety (90) days of receipt purchase date in order to qualify for rebate.
- **Program is subject to change without prior notification. Rebates are given on a first come, first serve basis subject to fund availability.**

*Please complete the following information. If more space is needed, please list items on a separate piece of paper.
Failure to provide complete model numbers or receipt copies may result in processing delays.*

☐ Energy Efficient Lighting

Fluorescent	HID	Incandescent	# of Previous Fixtures	# of Replacement Fixtures	Difference (kWh)

Contractor's Name _____ Contractor's License Number _____

I certify that I am the owner(s) or tenant(s) of the real property where the improvements have been installed and that I have not previously received, or applied for, other utility incentives for the improvements on this application. I also certify that the foregoing information is true and correct. I understand and agree that the choice of improvements, the selection of contractors, the purchase of items and acceptance of materials used and work performed and the payments thereof is my responsibility. I understand that I will be fully liable for any damage to person or property that may be caused by the installation and/or operation of the equipment involved. I understand that Riverside Public Utilities does not endorse, recommend or make any representations as to specific brands, products, contractors or dealers nor does it guarantee material or workmanship. I further agree to indemnify and hold harmless the City of Riverside, its officers, employees, and agents from any damages related to the use or installation of energy-efficient lighting.
